

# Motorpsychos

SATURDAY, JULY 18

BUG JAR, 219 MONROE AVE

9 P.M. | \$5 | 454-2966

[ ROCK ] With just the right amount of Iron City savvy and metal guts goosed with punk speed, Motorpsychos' sound is more about its collective energy than any pigeonhole you might want to put it in. It's the kind of rock 'n' roll that thrives in sweaty dives, the kind that's visceral, vicious, raunchy, and real. Catch the band this week along with Eddie Nebula & the Plague and The Lovesick Heartstabbers. — BY FRANK DE BLASE
