**I**N HEAVY METAL, A MUSICAL GENRE USUALLY RESERVED FOR THE BOYS, THE MOTORPSYCHOS DELIVER A PUNCH AND KEEP ON HITTING. FUELED WITH AGGRESSION AND POWER, the music is raw and the stage show includes black leather, black eyeliner, and an occasional Native American headdress.

Named for the Russ Myer film *The Motor Psychos*, the band formed in Pittsburgh, PA in early 2000. Pam Simmons (guitar) and Rachel Cassidy (vocals) previously played together in a band called Go To **2**
